

CHRISTMAS BLESSING BAGS FOR MEXICO

Its that time of year again for the DISCIPLES OF THE ROCK Christmas Blessing Bags drive. Last year there were 1500 bags collected from 9 churches. What a blessing! The children of New Joy, Galeana, and other neighborhoods were so grateful for all that you sent. Again we will be taking a small team to deliver the boxes and share the message of Jesus from their friends in Texas.

Last year we had great success with the packing of the Blessing Bags. For those that are joining us this year we would like for you to use the bags that we have purchased on line. They will be made available at different locations. This makes the packing and transporting so much easier with them all being the same size bags. Plus the border patrol like the easy visual transparent bags. We are trying for at least 2000 this year because of several new neighborhoods that we would like to reach. Here are the ages, specifics and ideas, please call around and get other family and friends involved especially children because they really enjoy reaching out to others. If you feel that you don't have the time we will also take money donations. Or if you don't have bags just bring in the plastic store bag and we will bag them up. Each box cost about 10-12 dollars to fill.

SPECIFICS: clear plastic bag and any extra space can be filled with none melting candy.

Approximately 10 very inexpensive items. Each bag has a label already on it.
